Either You're Moving Forward, or Not

Nine-tenths of the miseries and vices of mankind proceed from idleness.

—Thomas Carlyle

We were born to move forward, to advance. That's how our bodies were designed: to crawl, to walk, to run forward at a high speed. We were meant to stretch and grow and push ourselves toward our dreams and destinies.

Do you know why you joined the Law of Attraction Meetup?

Of course you do.... you want to make a change in your life for the better, and you know this group will help you make those changes. Everyone in this group has the desire to make greater things happen, to develop the right thoughts that promote positive change, and to manifest their life goals and dreams. With this group, we all are destined to succeed!

I want to help you consciously conduct a progress check on your life—Yup! Right now, today.

I want you to look at your life and ask these simple questions:

1. Am I closer to the life of my dreams this year than I was last year?
2. Have I been charging ahead in life, standing still, or falling behind?
3. Am I truly moving forward toward my dreams, or am I simply conning myself

into believing that I'm just "waiting for the right time to make my move

. We want to inspire you to be your best and take the right steps toward achieving your goals. Here are some questions to ask yourself and be ready for super charged answers at tomorrow's Meetup! Don't forget to RSVP!

To help you further, here are 10 Things you MUST give up to Move Forward:

10

THINGS you must give up to move forward

by Marc

#1

Letting the opinions of others control your life.

- ❖ It's not what others think, it's what you think about yourself that counts
- ❖ You have to do exactly what's best for you and your life, not what's best for everyone else

#2

The shame of past failures

- ❖ Your past does not equal your future.
- ❖ All that matters is what you do right now.

#3

Being indecisive about what you want

- ❖ You will never leave where you are until you decide where you would rather be
- ❖ Make a decision to figure out what you want, and then pursue it passionately.

#4

Procrastinating on the goals that matter to you

- ❖ There are two primary choices in life: to accept conditions as they exist, or accept the responsibility for changing them.
- ❖ The best time to plant a tree is twenty years ago. The second best time is now

#5

Choosing to do nothing

- ❖ You don't get to choose how you are going to die, or when.
- ❖ You can only decide how you are going to live, right now.
- ❖ Every day is a new chance to choose.

#6

Your need to be right

- ❖ Aim for success, but never give up your right to be wrong.
- ❖ Because when you do, you will also lose your ability to learn new things and move forward with your life.

#7

Running from problems that should be fixed

- ❖ Stop running!
- ❖ Face these issues, fix the problems, communicate, appreciate, forgive and LOVE the people in your life who deserve it.

#8

Making excuses rather than decisions

- ❖ Most long-term failures are the outcome of people who make excuses instead of decisions.

#9

Overlooking the positive points in your life

- ❖ What you see often depends entirely on what you're looking for
- ❖ You will have a hard time ever being happy if you aren't thankful for the good things in your life right now

#10

Not appreciating the present moment

- ❖ Too often we try to accomplish something big without realizing that the greatest part of life is made up of the little things.
